Session 2: Mother and Brothers

From our family of origin to the family of God, who we are and how we see the world depends on where we feel we belong.

The first part of the lesson asks us is to remember when you first visited the home and family of your best friend or spouse. What did you think of the place they lived? It was probably memorable because it gives us insight into our friend or future spouse. This lesson will give us glimpses of Jesus in the early days of his public ministry.
